# D2L Profile Setup

From the D2L homepage, click on your name in the top right corner and then select **Profile**.

From this page, you can do a variety of things. You can change your **profile picture** and add **a preferred nickname** (This nickname will only appear in your profile and not anywhere else within D2L). You can link your **Facebook and Twitter** profiles. You can add your **email** and the put a **tagline** about yourself. The information posted here will be visible to anyone who views your profile. Hit **Save and Close** when finished.
