DISTANCE EDUCATION

Training & Support

We are offering live training via Zoom starting with the D2L Gradebook, which includes:

·Weighted vs. Points system.
·Best Practices for setup and adjustments.
·Manual Input vs. Automatic Input.
·Final Grades.

Schedule:
Wednesday, April 7 @ 2 p.m.
Thursday, April 8 @ 2 p.m.
Friday, April 9 @ 10 a.m.

All sessions are scheduled for 1 hour to allow time for questions.

Please email Dani McAfee, danielle.mcafee@msutexas.edu, with the date and time you would like to attend. You will receive a Zoom invite with the link to join for your calendar.

Whats New in D2L

QUIZ ACCOMMODATIONS

This feature enables instructors to grant learners accommodations through the Classlist tool. Accommodation options currently available include: more time to complete quizzes at the course level and the ability to bypass right-click restrictions in quizzes. The additional time can be applied in terms of quiz time multipliers (for example, 1.5x quiz time) or +minutes (for example, an additional 30 minutes) on every quiz in a course for that student. The right-click restriction in quizzes is the ability for learners to right-click in the quiz while taking the quiz.

Once granted, these accommodations apply to all quiz activities in a course for that learner. Quiz-specific special access can overwrite an accommodation for any user on a quiz-by-quiz basis. When you overwrite an accommodation and then click save, a warning describing the impact of overwriting an accommodation appears.

To access this tool, from your course homepage, click Communication then Classlist. Click the down arrow next to the student of choice and select Edit Accommodations.
