There is a limit of 4 people per session. Please email [Danielle.mcafee@msutexas.edu](mailto:Danielle.mcafee@msutexas.edu) to sign up.

## Video Editor with Auto Captions

D2L has added Advanced Video Editing to the lineup of Content tools. This feature includes:

- **Timeline Editor** – the ability to mark and remove any part of the video you do not want.
- **Chapters** – the ability to mark segments in a longer video for ease of navigation. Ex: You cover 3 chapters in one video, you are able to mark in the timeline where you transition from one to the next. This allows the student to easily navigate to the chapter they want to review.
- **Closed Captions** – the ability to add auto captions and edit those captions directly in D2L.
- **Versions and Drafts** – the ability to rollback to and revisit edits made within D2L.

This will only be available on videos uploaded from January 25, 2022 and on. However, if you already have the video in D2L, we are able to download and re-upload to utilize the new features.

## IT'S IN THE SYLLABUS
