- Boost your skills and gain engaging, practical, and tangible takeaways.
- Engage with thought leaders, D2L executives, subject matter experts, and partners on strategies and best practices for teaching and learning.
- Gain valuable insights from discussions and meetings and connect with Fusion attendees from around the world to grow your personal network.
- Make lasting connections with peers, partners, and D2L and industry experts to find answers to your questions, share challenges, and discuss how to achieve goals.
- Breaking away from your routine to meet new people and discover new things can spark new ideas, show you new approaches, and provide new perspectives.

## D2L's Guided Training Program

D2L's Guided Training Program includes access to self-guided content and opportunities to attend instructor-guided training webinars. This program is for anyone designing, building, teaching, or facilitating courses within the Brightspace platform. Self-guided content allows you to access the information you need, when you need it.

The self-guided program not only includes instructional videos, in many cases it includes step-by-step walkthroughs for key workflows and “Try it Yourself!” activities that allow you to safely practice without making any changes in your own courses. Instructor-guided webinars allow you to follow along with a live D2L expert as they guide you through key tools and workflows that matter to you. Watch, learn, and then practice on your own.

## Course Copy Instructions

Attached are instructions for copying courses from one section to another. If you want to copy a course you don't have access to, have the faculty who created the course, Chair, or Dean email us confirming that they approve the use of the content in your course and we will copy it over.
